On October 17th 4:30 pm IST, members of NSS CRCE in association with The Movement India, had gathered virtually to witness the broadcast of the GLOBAL FREEDOM SUMMIT (A21 org). An event designed to address a very crucial and critical issue in our society, that is, Human Trafficking.

The webinar was very intense and included first hand witness documentations. Every 30 seconds, a person is either trafficked for organ harvesting, labour or prostitution. Each and every aspect of this giant organisation was clearly and explicitly brought forward to the viewers. It was clearly shown how the traffickers approached people with financial problems, poor economics etc. These targeted people were lured with false hope of having a better life, a better education, a good job. The webinar achieved its primary goal, that is, to equip young powerful minds on how to tackle this mammoth syndicate and how to help a person trapped in such situations. Altogether, the webinar proved to be thoroughly educative and informative.

At the end of the webinar the attendance and feedback of all attendees was recorded.

After attending the GLOBAL FREEDOM SUMMIT on October 23rd, it became evident that this illegal flesh trade should be put to a forever halt. But how do you do that? Well to answer such queries and to educate the minds on their roles and responsibilities to fight this mammoth syndicate, an awareness session was organised by NSS CRCE in association with THE MOVEMENT INDIA. The webinar began with the guest speaker, Ms. Aneesha Reuben thanking the NSS CRCE team for coordinating and organising the session. Next, the NSS CRCE team extended a very warm welcome to all the members of The Movement India organisation. This was followed by the introduction of the guest speaker voiced by the event coordinator Mr. Dilton D'souza.

The main part of the session started off with a short clip of a very young boy who was a victim of Human Trafficking. The clip also featured an 8yr old girl victim of flesh trade. Listening to their tragedy, all attendees were terribly shocked. The children were forced to do labour work, were not fed enough food and were beaten/abused if demanded for more food or proper clothes. It was clearly shown how the traffickers approached parents with financial problems, poor economics etc. These targeted people were lured with money and false hope of giving their children a better life, a better education, a good job. The guest speaker was very informative and also shared various helpline numbers and government websites that can be used to report these crimes or such suspicious activities. This was followed up by an interactive Q&A session.

Altogether, the session proved to be thoroughly educative, informative and helpful.

At the end of the webinar the attendance and feedback of all attendees was recorded.

REPORT ON DOCUMENTARY ON BULLING

It is very well known how common Bullying is getting in our generation. Bullying not only destroys a child's self esteem but also makes him/her suffer from Depression, Stress and Anxiety.

Things like body shaming, passing racist comments and teasing the weaker children for different reasons should be stopped and it's important that we all raise our voice against this.

As sometimes, when situations get worse, Bullying might lead to a child committing suicide.

To create an awareness about this much important topic amongst our NSS Members, we decided to present a short documentary on Bullying.

Too Scared For School (Bullying Documentary) | Real Stories

In this documentary, they shared real life stories of all those children who suffered from Bullying in their school time.

From teasing students on a regular basis to physical violence, this documentary covered it all. It showed how just to have fun, these bullies would make the life of other children miserable.

They also explained the steps you can take if anything of that sort is happening with you.

Overall, the video was really nice and quite informative and inspiring.
